Add Two Numbers App – User Guide

1. Introduction

The Add Two Numbers App is an Android application developed during the Apex Planet Internship. It allows users to input two numbers and instantly see their sum, with a simple UI/UX, Firebase integration, and login authentication.

2. System Requirements

- Operating System: Android 8.0 (Oreo) or above
- RAM: Minimum 2 GB
- Storage: 50 MB free space
- Internet: Required for login and Firebase features

3. Installation Guide

1. Download the APK from the provided link or email.
2. Go to Settings → Security → Install Unknown Apps, and allow installation from your source.
3. Locate the APK in Downloads and tap to Install.
4. Open the app from your app drawer.

4. How to Use the App

1. Login with your email and password.
2. Enter two numbers in the fields.
3. Tap Calculate to see the sum.
4. View the result instantly on screen.
5. If notifications are enabled, receive updates via Firebase Cloud Messaging.

5. Screenshots of Main Screens

Insert screenshots here (Login Screen, Home Screen, Result Screen) after capturing them from the app.
